Coffee Culture- Countries have cultivated coffee beans into various vehicles to satisfy needs unique to each country. Whether it be for energy, socialization, or tradition, the cultivation of coffee has served as a motivating force of the world. The modernization of coffee and its unique forms across cultures are markers of tradition and modern changes across continents. Coffee culture appears in the way in which people consume coffee, the way they make it, and where coffee is served and shared. Each of these factors combined reflects the lives of the people in these countries and the importance of coffee across the world.
